On Your Marks! Get Set!

Another great contest between the states will get under way with the next issue of *Conference Pointers*. It was a great race that we had last year. Every real camper took a real interest in seeing the progress made by his state in the "Conference Pointers" subscription contest. The race will be very close this year as many new subscriptions were received during the time of the camps. The renewals of the campers whose subscriptions to "Conference Pointers" expired will have a big bearing on the standings of the states. Renew your subscription at once and help your state take the lead.

Editorial Comment

The 1921 camps have passed into the realm of history. In taking their place in the Hall of Fame along with the camps of former years, there is the proud consciousness on the part of all campers and leaders that new records have been established in the way of Camp Conference development.

This is as it should be. Each camp, each year must be, not necessarily bigger, but better. We cast no aspersions on old campers when we say that the general quality of campers is improving with each passing year. And this, too, is at it should be, for back in the states has been developed a powerful and efficient young people's machine which insures the careful selection of delegates for the Camp Conferences. When a poor quality delegate gets into the camps these days, it is a reflection on the State "machine." Of course, everybody knows how jealous each state leader is of his or her delegation.

The 1921 Campers established a new level of quality for the Older Boys' and Girls' Camp Conferences. It is estimated that fully fifty percent of the Conference Point and Winnepesaukee Point campers were members or officers of Inter-Sunday School Councils or officers of state, county or city young people's conferences. Over eighty percent of Missouri's delegates were in this class.

Three new records were established in questionnaire averages. At Conference Point Bob Jamar and Hall DeWeese,

and at Winnepesaukee, James McLea registered an average of eighty-nine percent.

Records were also established in the amount of moneys pledged for class memorial funds. The Freshman Class in the Girls' Camp at Conference Point subscribed more than \$1,000 of which practically twenty-five percent has already been paid. All other class pledges were correspondingly big.

Big records and high standards are meaningless in themselves. Campers of 1921, you must live up to and maintain the pace you set while in camp, if the glorious record of your achievement is to be indelibly written into the history of the International Camp Conferences. You will not fail.

Just think, only eight months and the 1922 camps swing into action. Are you registered?

The boys' aquatic records were not in shape for printing when the records number of Conference Pointers went to press. Rather than hold up the issue any longer, it has been decided to print these records in a later issue of Conference Pointers. This will explain why the standing of the campers in the Boys' Camp, Conference Point, in aquatics is not given with the other records.

The easiest way to get rid of obligations is to fulfil them quickly.

KINJI'S COLUMN.

The 1921 Camp-Conferences, both at Lake Geneva and Lake Winnepesaukee, are historical records. Seven hundred and sixty-two young men and women (young people) were present in these camps. The leaders: administrative, group and faculty, brought the total number in camp up to nine hundred twenty-nine.

The Director has had several very happy letters from the campers of this past summer. A first-year boy caught both the vision and the pep while in camp. Since returning, he has organized the young people of his town into a going federation. It was a huge regret that an invitation to be present at the federation's first rally had to be refused. A girl camper sent in a wonderful report of her activity just last week. It was meant to be the completion of part of her questionnaire-prescription, but it really was the beginning of a far reaching community work. More and more only the campers who are active at home will find places in the summer camp-conferences.

The colleges and universities, also, are richer than ever with our boys and girls this fall. The academic trend of our young people is an assurance of real, trained leadership in the days ahead.

One young woman, two years out of high school and in business, making money is registered at Wellesly for 1922. One of our graduates takes her place on the faculty of a southern college. Three more graduates begin their career as Young People's Superintendents, with the commencement exercises of June, 1922. So we grow!

It may interest you, also, to know that sixty-six were graduated with the three-year Camp-Conference diploma this summer. Fifteen of them were medal-capacity and the majority was in the "Awards Class."

Consider these figures before you sleep:

1. Number of 1921 campers, 762.
2. Number registered now for 1922, 585.
3. Available places still open for 1922, *177.

All in all, 1921 was a success.

*As Conference Pointers goes to press this number is greatly reduced. The registrations at the present rate will be closed before Christmas.—[The Editor.]

PENNSYLVANIA AND CALIFORNIA WIN AT CONFERENCE POINT.

It surely is a nerve-racking experience, isn't it, to sit there on the hillside, waiting through seeming years of preliminaries, waiting for the Keeper of the Records to answer the big question—which State wins? But all preliminaries eventually have an end and when that end came and the records were read, they revealed the fact that the Pennsylvania girls had again triumphed in the Girls' Camp and the California boys had likewise repeated their victory in the Boys' Camp.

The California boys expected to win—honest they did—and they just up and did it—just like that, but in the case

California Delegation, Boys' Camp.

of Pennsylvania, you never saw such a flabbergasted bunch of girls in all your born days as were the Keystone-staters when the Keeper of the Records stopped reading with Pennsylvania on top. They were stunned, speechless and scared—no, not long—just for a few infinitesimal seconds and then how they did yell. We solemnly warn each state, you're going to have your troubles next year,

for other states are already planning to take your scalp. Better sit up nights and guard those shields. There's trouble brewing, though the 1922 camps are nine months off. The number of points won by these two delegations are: California, 3533; Pennsylvania, 3505.

The easiest way to get rid of obligations is to fulfil them quickly.

Pennsylvania Delegation, Girls' Camp.

Massachusetts Delegation, Boys' Camp.

SOUTH CAROLINA AND MASSACHUSETTS REPEAT.

Like a bolt from a clear sky came the announcements of the winning states in the two camps at Winnepesaukee, South Carolina, 3808; Massachusetts, 3650, and we believe we are right when we say that the delegates from these states were deliciously and gloriously shocked. Fortunately, the voltage was not sufficiently high to keep them from voicing their approval of the results of the contest and

the Assembly Hall fairly had a bulge in its bilge while the yelling was in progress.

The race was exceedingly close in the Boys' Camp, Pennsylvania, with its big delegation being just fourteen points behind the winning state. Watch the fun next year. Apropos of which reminds us of the chief's song—

"And when we win the shield,
We'll buy a box of fudge;
And we'll eat and eat and eat
Until none of us can budge."

South Carolina Delegation, Girls' Camp.

JOIN THE CHRISTMAS CLUB.

Daddy Waite isn't supposed to read this. When "Dad" reads this line, he will stop right here, so we are perfectly safe in making this announcement in this open manner.

Scores of first year campers are aiming to hand Daddy Waite a glad Christmas surprise, by meeting their Camp Conference prescription requirements before Christmas. The Christmas Club is for the purpose of challenging all the prescription campers to measure up to all their requirements, at least by the 20th of December. We want to hand Daddy Waite a big surprise, when he checks up on his records Christmas week. Let's make it a real go by having every prescription camper in the Christmas Club. In other words, don't put off meeting your prescription requirements. Last summer there were some campers who just crossed the line a week or two before the camps convened. This is a dangerous method of meeting your prescription. If anything should happen that you did not fully meet your requirements, it might keep you from returning to the camp next summer. Get into action at once; measure up to your requirements and write Daddy Waite as soon as your prescription is filled, so that you can get your letters and swell the ranks of four-fold campers.

PRACTICAL PRESCRIPTION RESULTS.

Dear Dad:

I want to thank you for giving me, as a prescription, a course in First Aid, for a few days ago my parents were overcome by anthracite coal gas, and had it not been that I had studied how to take care of a person who had been gassed, my father and mother would have died before the doctor got here with medical relief.—[A Camper.

WOODIE.

Is there a Lake Geneva fellow or girl who does not know the name and the fame of Woodie? He of the elongated frame, the horizon-wide smile, the one-lunged-woodola, the diamond-and-ruby horseshoe stick pin, the Morgan Memorial master-mind?

Really, of all the folks and things which have made Conference Point famous, Woodie is one of the top-notchers. Coming to the Lake with the class of 1915, he immediately jumped into the leadership of his group and having accomplished a jazz-band, a Henrietta, a tribe-chieftainship, a sailor suit, a fine record of class work well done, a couple of track and aquatic records and finally a diploma and a gold medal, he departed to preach the Gospel of the Jesus Way to everybody with whom he comes into contact.

Some day, Woodie will tell you all his story. Then you will hear about the experience at the "movie," followed by the conference in the big arm-chair before the open fire, continued on the dock under the silver gleam of the Lake Geneva Moon—and continuing through the years with Fay and Faith and Boston U. But he'll have to tell you that "heself."

Incidentally, Woodie baffled the profs and brothered the Freshmen and bluffed the boarding-house manager at Denison U. for three years and is now duplicating the process at Boston U. Pax vobiscum!

And now for the big item of news. Woodie has been called to become the Young People's Division Superintendent of the great State of Minnesota. On July 1 he will take up his position on the firing line. Oh, you Minnesota fellows and girls, what a lucky lot you are!

If you hear a lot of noises coming from Minnesota, don't be alarmed, for you will know that Woodie has stirred up something big.

•RENEW YOUR SUBSCRIPTION TO CONFERENCE POINTERS.

This issue of Conference Pointers is being sent to all campers on the 1920-21 mailing list. If you subscribed and paid your subscription *before* March 1, 1921, you will have to renew at once if you want to receive the next and succeeding issues of the camp magazine. If you are in this class of subscribers you may know that while you read, your subscription card is reposing in the delinquent file. It must not stay there. Renew at once. Send fifty cents in stamps or money order and you will continue to receive Conference Pointers without losing a single number.

If you are in doubt about the date of expiration of your subscription, play safe and send fifty cents by return mail. If we find that your subscription is not due we will credit your account with the amount received and extend your subscription of one year from date of expiration of present subscription. Indicate any change of address during the year. In renewing, use subscription blank on back cover.

GREAT BATTLE FOUGHT.

Special Extra!

News Item, No. 1. Ten tribes in hard fought battle extending over a period of forty-eight days. No quarter asked; none given. Battle front extends from Lake Geneva, Wis., to Lake Winnepesaukee, N. H. Furious fighting at both ends of the line. All quiet in the intervening sectors.

News Item, No. 2. Battle ended; four tribes emerge victors; six vanquished tribes are beginning to sharpen their tomahawks for next great war. The four winning tribes with their scores are: Dakotas (Boys' Camp, Geneva), 14107; Navajos (Girls' Camp, Geneva), 2749; Narragansetts (Boys' Camp, Winnepesaukee), 3894; Mohawks (Girls' Camp, Winnepesaukee), 3477.

MINISINO

Says:

MAKE no little plans. They have no magic to stir men's blood. Make **BIG PLANS.** Then put every ounce of your strength behind those plans.

"The heights by great men
reached and kept
Were not attained by sudden flight;
But they, while their companions slept,
Were toiling upwards in the night."

Wm. H. Schab

THE SUCCESSFUL MAN.

Charles M. Schwab said at a banquet in Loretto:

"The failures do all the talking nowadays. Listen to them, and you'll come to the conclusion that success is a crime—that every millionaire is a liar and a thief.

"As a matter of fact, 99 out of 100 successes are due to hard work and hard work alone. The successful man works while the failure talks Bolshevism."

Mr. Schwab chuckled.

"To put it in another way," he said, "the successful man makes hay while the sun shines—makes it out of the grass that grows under the Bolshevik's feet."—[Exchange.
